## **INTRODUCTION**

### **By Mustapha Larfaoui, FINA President**

Year after year, the FINA Swimming World Cup has had a strong impact on the development of the Sport, and certainly a considerable influence on two important decisions made by FINA some years ago: the recognition of world records set in 25m pools (back in 1991) and the introduction of the FINA Swimming World Championships in 25m pools. Its first Super Final took place in Palma de Mallorca, in 1992.

Through the FINA Swimming World Cup swimmers have more opportunities to compete at high level, thus increasing their international experience; swimming enjoys a greater exposure and coverage by the media and, thanks to the quality of results, which often impress the public opinion, the attention of the sponsors – whose role is of paramount importance in sport today – may be increased.

The current edition of the FINA Swimming World Cup has a similar programme to the previous one. Swimmers will visit the five continents with Africa first and then Oceania, Asia, Europe and the two last meetings in America. All meets will take place solely in 25m swimming pools (short course).

This document is aimed to help the journalists in their coverage of the major events. The Meet Organisers, the Meet Speakers, the Team Managers and other Officials and the Swimmers themselves will find the information contained in this publication of interest.

## **CALENDAR**

##### **(c) Costume Protocol**

The swimming costumes must be in accordance with the FINA Rules GR 6 and GR 7, as decided by the FINA General Congress to be held on July 22, 2005 in Montreal (CAN).

## 5. TRANSPORTATION

### (a) International Transportation

- Each National Federation is responsible for the travel expenses of their swimming team delegation.
- FINA will pay for international travel expenses for the representatives designated by FINA to attend each meet.

### (b) Transfers and Local Transportation

The Meet Organiser is to provide local transportation from and to airport / railway station and between hotel(s) and venue(s) (shuttle system every 20 minutes) free of charge for the following persons for the duration of the event and two days prior thereto, plus the day after the conclusion of the event:

- FINA Representatives – five (5) persons
- Referee and Starter
- Swimmers
- Officials

The OC must welcome teams and officials at the airport, confirm flights of delegations and indicate departure time from hotel for return flight provided the arrival and departure information is supplied to the OC.

### (c) Transportation to the competition site

- Host Federation shall provide free of charge the venues for training two (2) days prior to the event.
- Busses with drivers and guides.
- Two (2) vehicles with drivers for FINA Officials: Air-conditioned, high standard vehicles.

### (d) Visas

- The Host Federation shall make its best effort with its government regarding entry visa for all competitors and officials from any FINA Member country, as well as FINA Officials, attending the event.
- Visa requirements for FINA Officials must be provided and is the responsibility of the respective Meet Organiser.

## 6. LODGING AND BOARD

### 6.1 For the swimming teams

#### (i) Accommodation

- The Meet Organiser shall provide accommodation in a good quality hotel for a minimum of four (4) athletes and one (1) team leader/coach for each of the other World Cup host countries:

- Neighbouring countries - 3 days/nights  
- Same continent - 4 days/nights  
- Another continent - 5 days/nights

- All other National Federations are responsible for their own swimming teams accommodation expenses.

#### (ii) Food

- The Meet Organiser shall provide meals for a minimum of four (4) athletes and one (1) team leader/coach for each of the other World Cup host countries:

- Neighbouring countries - 3 days/nights  
- Same continent - 4 days/nights  
- Another continent - 5 days/nights

- Quantity and quality for all the athletes must be guaranteed.
- Provide athletes with three (3) basic meals per day.
- All other National Federations are responsible for their own swimming teams food expenses.

## **6.2 For FINA Representatives**

The Host Federation shall provide room and board expenses for five (5) persons designated by FINA in a first class hotel accommodation with three meals per day and local transportation for five (5) days and five (5) nights.

## **7. COMPETITION PROGRAMME**

### **7.1** The FINA Bureau will designate the venue and dates of the FINA SWIMMING WORLD CUP meets.

### **7.2** The programme of the FINA SWIMMING WORLD CUP shall be drawn from the following events:

- Freestyle	50m, 100m, 200m, 400m, 800m (W), 1500m (M)
- Backstroke	50m, 100m, 200m
- Breaststroke	50m, 100m, 200m
- Butterfly	50m, 100m, 200m
- Individual Medley	100m, 200m, 400m

In the events of 50m, 100m, 200m and 400m there shall be heats and finals. The 400m Individual Medley, the 800m and/or 1500m Freestyle, may be swum as timed finals, with the slow heats in the preliminaries session and the fastest heat in the finals session. No semi-finals shall be swum.

Each National Federation/Organiser will submit their competition programme to FINA for approval two months prior to the commencement of the 1<sup>st</sup> competition of the 2005/2006 Series.

## **8. MEDICAL SERVICES**

First Aid and medical treatment provided by the Host Federation

- Federation shall provide free medical service for all competitors and officials within the area of the competition pools.
- First aid facilities for swimmers at the hotel.
- Ambulance in front of the competition venue.
- Designation of hospital.

## **9. TECHNICAL MEETING**

On the day before the first competition of each Event, a technical meeting has to be held at an appropriate timing (between 6 p.m. and 8 p.m.). This will be the only opportunity for last minute entry changes (any withdrawals, but additional entries only for duly entered members of national teams - no additions for club representatives).

- a. Scratches for the first session of heats would be due by the close of business of the technical meeting.
- b. Scratches for the second session of heats would be due one hour prior to the start of finals the first evening.
- c. If the meet is over three days, the scratches for the third morning would be due one hour prior to the start of finals on the second evening.
- d. DNS (Did not start) will be fined according to FINA Rules.
- e. A positive check-in for timed final races should be done in order to prevent open lanes in the finals. This looks very bad for television to have open lanes at night, and it ultimately is fairer for the athletes.

## **10. DIRECT EXPENSES OF FINA AND NATIONAL FEDERATIONS**

### **A. FINA**

- Provide travel expenses for the representatives designated by FINA to attend each meet, namely: FINA Delegate, Managing Director, Doping Control Representative, Press Officer, and Scorer.
- General Administration costs.
- Research through FINA Marketing Agent on the future economical opportunities and the exploitation of the TV Rights.
- Provide per diem for the representatives designated by FINA.

## B. HOST NATIONAL FEDERATIONS

- All local transportation expenses for the *FINA Representatives – five (5) persons -, Referee and Starter, Swimmers and Officials.*
- Board and lodging for the five (5) FINA Representatives designated by FINA in a first class hotel accommodation with three meals per day (FINA Delegate, Managing Director, Doping Control Representative, Press Officer, and Scorer).
- Travel expenses, full board and accommodation for FINA Referee and Starter.
- Medical expenses for First Aid and Medical Assistance.
- All costs of the local organisation of the event, including secretarial services.
- Complete indemnity insurance cover for all legal liabilities other than gross negligence or Acts of God including cancellation, postponement, or alteration, except to the extent FINA is at fault.
- A minimum of twelve (12) doping control tests and, in addition, tests for all new world records should be conducted in accordance with the FINA Rules. The analyses must be performed at an IOC Accredited Laboratory. The cost of the control, the dispatch of samples and their analyses will be paid by each Meet Organiser.
- Federation shall provide accommodation with three (3) meals per day and local transportation for a period of three (3) days for one (1) inspection by an individual to be appointed by FINA (Managing Director) prior to the competition dates. Economy ticket airfare to be covered through the FINA Swimming World cup budget.
- Acquisition of official material and technical equipment.
- Expenses regarding competition venue, organisation, staff and auxiliary refereeing, official opening and closing ceremony and press conferences during the competition and official closing dinner.
- Production cost of the flag poles and flags.
- Publicity for event on national scale.

## C. FEES

The following fees will be paid by FINA and the Host National Federations:

### **1. Host National Federation**

A non-refundable bid fee of **US\$ 29,000** is being paid herewith, or shall be paid by the Federation to FINA no later than **1<sup>st</sup> September 2005**.

### **2. FINA**

Will pay the same fee as National Federations hosting the Swimming World Cup Meet. These fees will be used for the payment of the overall FINA Swimming World Cup Prize Money.

## 11. MEET ORGANISERS FINANCIAL & ORGANISATIONAL ARRANGEMENTS

### 11.1 EACH EVENT PRIZE MONEY

Each Organiser of a FINA SWIMMING WORLD CUP competition will provide prize money, in cash, of minimum *US\$ 102'000.-*

#### Per Meet (Local Races Winners)

At each meet, there are 34 races. For each race:

<b>Winner</b>	<b>US\$ 1'500.-</b>
<b>Second</b>	<b>US\$ 1'000.-</b>
<b>Third</b>	<b><u>US\$ 500.-</u></b>
<b>Total</b>	<b>US\$ 3'000.-</b>

Total per meet: US\$ 3'000.- x 34 = US\$ 102'000.-

In case of ties, the prize money will be shared (e.g. if there are two 1<sup>st</sup> places, then no 2<sup>nd</sup> place prize money will be awarded. The total of US\$ 2'500.- will be equally split between the two (2) winners, that is US\$ 1'250.- each)

The Local Organising Committee can offer on top any other additional award (best swim, best local swimmer, etc.).

The National Federation of the athlete who earns the prize money will inform the OC as to whether the prize money will be paid to the National Federation or directly to the athlete.

### 11.2 END OF SERIES PRIZE MONEY

There will be an end of series Prize fund of Two Hundred Sixty Thousand United States Dollars (260'000.- US\$) paid by FINA.

### 11.3 PAYMENTS

The payment related to the fee should be received by FINA **no later than 1<sup>st</sup> September 2005**. If, by that date, one of the appointed organisers does not fulfil the financial obligation, this organiser will be replaced by the first appointed reserve.

## 12. PRIZES

### 12.1 WORLD CUP AWARDS

#### 12.1.1 - Overall prizes (World Cup Winners)

**US\$ 200,000** will be used for the winners and **US\$ 60,000** maximum for world record breakers

## 12.1.2 - FINA Swimming World Cup overall winners

(Men and Women, two separate rankings)

Winner	US\$ 50,000
Second	US\$ 30,000
<u>Third</u>	<u>US\$ 20,000</u>
Total	US\$ 100,000

**Men + Women = US\$ 200,000**

For this scoring, the *FINA points' table* will be used as reference. The best swim achieved by a swimmer will be counted. Only the swims performed during the finals will be considered. Each swimmer will be ranked once only, even if he/she swims several races.

Only swimmers participating at one meet in each zone will be eligible for the FINA SWC overall prize money.

In case of tie, the second best swim is taken as a tiebreaker (any other swim during the whole series at any meet, finals only)

## 12.2 WORLD RECORDS BONUS

A maximum prize fund of **US\$ 60'000.-** is made available. For a top limit of fifteen (15) World Records, there will be a US\$ 4'000.- bonus for each New World Record. Should more than 15 World Records be broken, these US\$ 60'000.- would be shared equally, i.e.: 16 World Records: US\$ 3'750.- each; 17 World Records: US\$ 3'530.- each; 18 World Records: US\$ 3'334.- each, etc.

If in one same race (heat or final) two or more swimmers better the World Record, only the winner of that race will receive the bonus.

World Records achieved at a split will not be considered for this bonus (i.e.: World Record for a 50m achieved at the 50m Split of a 100m race). Any World Record bonuses will be paid for performances over the actual event distance. No bonus is due if a World Record is equalled.

## HISTORICAL OVERVIEW

### Past, Present and Future

In compliance with the FINA constitution and its fundamental objective, the promotion of swimming and its other disciplines, in 1973 FINA started the World Championships (Belgrade, YUG) that, since then, ranks alongside the Olympic Games as one of FINA's most important competitions. It was at this time that the swimming family searched for an opportunity to organise a competition in the winter season (for the northern hemisphere) and also to organise a competition in the short course.

During the 1970's and the 1980's some federations were able to stage successful meets such as the Arena Festival (Bonn, GER), the Speedo Meet (Amersfoort, NED, 50m), the Coca Cola International (London's Crystal Palace, GBR, 50m), the NOK Schwimmfest (East Berlin, GDR, 50m) and the Meet de la Ville de Paris (FRA).

In 1988 the organisers of some existing competitions - Toronto (CAN), Indianapolis (USA), Paris (FRA), East Berlin (GDR), Bonn (GER), Gothenburg (SWE), Venice (ITA) and Barnett (GBR) - gathered in Rome and decided to give birth to the first Swimming World Cup Series with a prize money allocation for winners to be implemented in early 1989. The first two meets were organised in North America in late 1988.

The first competition labelled "Swimming World Cup" took place in September 1979 at Tokio's Yoyogi Swimming Pool (50m). Eight teams representing different regions of the world competed for supremacy: The United States, Canada, Sweden, the Soviet Union and Japan took part with their respective national teams while the remaining represented Oceania (Australia and New Zealand), Latin America and the rest of Europe. The best performances were set by American teenagers Cynthia Woodhead and Mary T. Meagher (only 15 at that time). Woodhead set the 200m freestyle world record in a time of 1:58.23.

The FINA Swimming Technical Congress, in Perth, in January 1991, approved the recognition of world records set in 25m pools. In this same year FINA became involved in the World Cup. FINA and the Organising Federations agreed to establish six categories for both men and women, according to stroke and distance:

- \* Sprint: 50m, 100 and 200m freestyle;
- \* Distance: 400 and 800 or 1500m freestyle;
- \* Backstroke: 50, 100, 200m;
- \* Breaststroke: 50, 100, 200m;
- \* Butterfly: 50, 100, 200m;
- \* Individual Medley: 100, 200, 400m.

In 1992, for the first and only time, FINA held a "Super Final", in Palma de Mallorca (ESP), at the conclusion of the World Cup series. Only swimmers who had qualified through the series were admitted. Palma de Mallorca was also chosen as the venue for the 1st FINA Short Course Swimming World Championships in 1993.

In 1991 and 1992 World Cup meets were held in St. Petersburg (RUS) - Leningrad at that time - and while this venue withdrew from the World Cup series in 1993, China joined in with Beijing. In 1994 Shanghai (CHN) and Hong Kong were also added.

On 31 August 1994, the FINA Technical Congress in Rome decided to recognise the world records set in the 50m backstroke, breaststroke, butterfly and the 100m individual medley (SCM).

In 1998, the World Cup has for the first time a stage in Australia (Sydney) and in Brazil (Rio de Janeiro) and since Australia and Rio welcomed a meet in every edition.

In the 1999/2000 and 2000/2001 Series the ranking system was abandoned and the final classification was based on Individual Events. In order this competition to be more competitive and spectacular, FINA decided to implement a new model for the 2001/2002 and following editions of the Swimming World Cup. Since, the scoring is based on a FINA Points Table: only the best swim achieved by a swimmer is counted.

During the edition 2003/2004, for the first time a meet was organised in Africa (Durban) and in Korea (Daejon).

The edition 2005/2006 will start in Durban, South Africa on November 11-13, 2005 and will finish in Belo Horizonte, Brazil on February 10-12, 2006.
